

Imminent Last Days Prophecy ALERT!!!

Is Trump's first week in office Daniel's 70th week? Count from 10/7/23!

I was reading Daniel the other day, in the ninth chapter, where the famous "Daniel's 70 weeks" prophecy is. It says: "Seventy weeks are determined upon thy people and upon thy holy city, to finish the transgression, and to make an end of sins, and to make reconciliation for iniquity, and to bring in everlasting righteousness, and to seal up the vision and prophecy, and to anoint the most Holy. Know therefore and understand, that from the going forth of the commandment to restore and to build Jerusalem unto the Messiah the prince shall be seven weeks, and threescore and two [62] weeks: the street shall be built again, and the wall, even in troublous times. And after threescore and two [62] weeks shall Messiah be cut off, but not for himself: and the people of the prince that shall come shall destroy the city and the sanctuary; and the end thereof shall be with a flood, and unto the end of the war desolations are determined. And he shall confirm the covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make it desolate, even until the consummation, and that determined shall be poured upon the desolate." (Daniel 9:24-27).

The words "unto the end of the war" stuck out at me, and I thought about the war in Gaza that is going on right now. So I wondered how many weeks it had been since the war started. I began counting down the weeks since October 8th 2023. I was astonished to see that according to that count down, the 70th week will be the last week in January 2025. That 70th week is Donald Trump's first week in office.

Some of the wording in this prophecy of Daniel 9, might be confusing to some of us, including his use of the word "Messiah". The Messiah in Daniel chapter 9, is not Jesus, unless there is a second way to read it with multiple ways to interpret it—however in terms of the last days lens of interpretation, this Messiah is simply an "Anointed One." "Messiah" is Hebrew for "Anointed." So this Messiah reference may be a Jewish leader or a prophet.—In fact it could even be Benjamin Netanyahu since he is the anointed leader of Israel right now, or it could be a prophet closer to home who is mentioned for a reference point.

Either way: There is 7 weeks, then 62 weeks. Messiah is "cut off" in the 69th week, and then the new prince makes a "covenant with many"; makes peace presumably, as it says elsewhere, and sets up the Abomination of Desolation in the 70th week. (In terms of the "street being built in troublous times", I believe that, that is simply a mental note of Daniel's, since it wasn't built in his time.)

What if Trump is the prince who comes in the end of January to make the peace deal of the century, and to set up the Abomination of Desolation?

In 2017, and again in 2021, I received a last days Revelation which said that (1) In November there would be a migrant crisis, which there has been. (2) In February "the war will get much worse and expand;" and I didn't know what war it meant at the time. (3) In mid March there would be an attack on American soil. (4) In mid April, that there will be a permanent, or indefinite power outage; and (5) That in June America would be invaded. This could go hand in hand with Trump making a peace deal in his first week in office, when there is no peace. Just a thought.
